Big Berry Crop.

The prospects are at present that we will have a liberal crop of "poor man's friends," blackberries. However, it is yet ample time for the supply to be curtailed by dry weather.

Operation At Hospital.

Mr. Marion Long was operated on at the Lancaster Hospital Monday, having one of his eyes which has been troubling him for some time completely removed. He is doing nicely and will be able to be out soon.

Court House Being Painted.

The cupola of the Court House is undergoing extensive repairs which were very much needed. After this work is completed the court house will be painted from the ground up. The work will be done by Mr. John Burns of Danville.

Wheat Being Harvested.

The wheat harvest is on in the Bryantsville and Buena Vista section of the county, many of the farmers already having their crops cut. Wheat cutting will begin here early next week and is a week earlier than usual. The crop is the best in several years.

Mrs. Luther Gibbs Sick.

Mrs. Luther S. Gibbs, who has been in failing health for some time underwent a serious operation at her home on the Kirkville turnpike Sunday. She is reported as being much better and hope is entertained for her speedy restoration to health.

Blue Grass Crop A Failure.

The crop of blue grass seed, which bid fair to be the best in years, was almost a complete failure in this section of the state. The Denny Bros. and Mr. R. P. Gregory who had large crops contracted in Boyle county, report it hardly worth stripping.

Attend Memorial Services.

Bristow Conn with his big automobile took Messrs. R. H. Tomlinson, Wes Zanone, Booth Sutton, James Davis and Luther Herron to Crab Orchard Sunday to attend the Odd Fellows exercises in honor of their dead. Mr. Tomlinson made the memorial address.

Tobacco Setting In Progress.

The farmers are busily engaged in setting out their tobacco, and it is estimated that about forty five hundred acres will be raised in this county this year. The plants are large and strong and are being set with machinery, and with anything like seasonable weather the crop should be a good one.

Hugh Logan Hurt.

Hugh Logan who is in the employ of the Haselden Bros., while engaged in repairing a church at Kirkville last Friday was considerably bruised up by the falling of a scaffold upon which he and another workman were working, the breaking of a rope occasioned the fall. Mr. Logan fell upon his feet but with such force as to give him a considerable shaking up, which will keep him from work for several weeks. He was able to go to his home in Danville. The injured man is a nephew of Mayor H. T. Logan of this place, and is the son of Mr. Lige Logan of Danville.

Attend Board Meeting.

Capt. William Herndon was in Berea last week attending a meeting of the trustees of Berea College, having been a member of the Board of Trustees for the last thirteen years. With the exception of an amendment to their charter, nothing was done further than the transaction of routine business.

Berea College already has an endowment of \$1,000,000, and expects to receive as much more before the end of the year. They have 1000 pupils at the college and taken upon the whole is one of the most successful schools in the country.

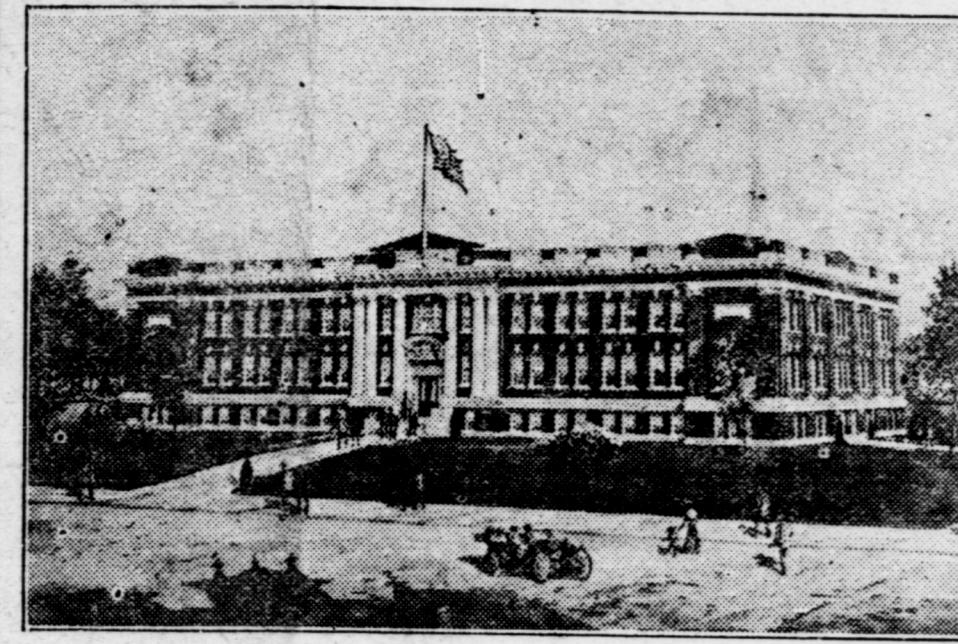

Excitement At Junction City.

Considerable excitement was caused at Junction City recently by what was thought to be the discovery of oil on property belonging to Mr. J. W. Rawlings. Pure refined coal oil was drawn from a well from which several families were accustomed to get their drinking water. This turned out to emanate from a Standard Oil Co.'s tank leakage. A like occurrence took place here some years ago when the late Major R. Kinard discovered his spring was running kerosene. Investigation traced the source of the supply to the near by tanks of the Standard Oil Co. and a law suit followed for the contamination of the spring. Coal oil does not come from the earth in the refined form, and whenever it is discovered in this form, it would be well to look for a leaky tank before starting an oil boom.

Make An Example Of Him.

J. H. Taylor, who claims to hail from Corbin, has been arrested in Williamsburg charged with selling the questions for the school teachers examination. If proven guilty, this man should be given the extent of the law governing such offenses, which is five years in the penitentiary.

The peddling of these questions has become quite an industry in some localities, and is one that should be broken up. It has to be ascertained as yet where they secure the questions but the custom is none the less one to be condemned; it serves to lower the standard of our school teachers, and it does seem to us that the teacher who will stoop so low in order to pass a successful examination as to buy the questions from these people is unworthy to teach, and should be denied a certificate.

New Hopkinsville, Ky., High School, built under the administration of Barksdale Hamlett, as Superintendent of the Hopkinsville public schools.

We'd Like To Borrow This Game Warden

"Game Warden Moore arrested a crowd of seiners Monday and they were presented before the County Court for trial. The authorities are determined to break up this practice, which is prohibited by the state"—Shelby News.

Some Hot.

At Yuma Ariz, Sunday the mercury registered 110 degrees. It was not that warm here but the humidity was terrific, however relief came in the form of a thunder shower early in the evening. Through the county the shower assumed the form of a miniature cyclone uprooting trees and destroying considerable fencing and was accompanied by a liberal sprinkling of hail.

Mail Service Re-established.

The mail line between this place and Danville will be again put into service on July 17th. However, bids for the carrying of the mail over this route will be asked, the period for which it is to be let being until July 1, 1912, at which time all Star Route contracts expire.

The re-establishment of this line will be a source of great satisfaction to persons living between here and Danville, as well as to residents of both Danville and Lancaster, as it was a source of great convenience.

Hugh Logan Hurt.

Hugh Logan who is in the employ of the Haselden Bros., while engaged in repairing a church at Kirkville last Friday was considerably bruised up by the falling of a scaffold upon which he and another workman were working, the breaking of a rope occasioned the fall. Mr. Logan fell upon his feet but with such force as to give him a considerable shaking up, which will keep him from work for several weeks. He was able to go to his home in Danville. The injured man is a nephew of Mayor H. T. Logan of this place, and is the son of Mr. Lige Logan of Danville.

Circuit Court.

The June term of the Garrard Circuit Court begins next Monday and Clerk Mason is busy completing his dockets, as is Sheriff Ballard and his deputies, serving processes and summoning the juries. Their are thirty old Commonwealth cases, including two murder cases and thirty three appearance Commonwealth wealth cases on the docket. The civil docket consists of 76 old equity and 21 equity appearance, 30 old common law and 33 appearance common law cases. Six Garrard county couples have tired of double cussedness and are asking the court to grant them divorces.

James Makes Many Friends.

A large and appreciative audience greeted Hon. Ollie James at the Court House on last Saturday afternoon and they were not disappointed in their desires to hear a flow of oratory as well as a succinct statement of the political situation throughout the state.

Conceded to be one of the best orators in the country, Mr. James made a speech that was calculated to make us proud of our people, and after it was over, it was freely predicted that he would carry Garrard county by a rousing majority, many men who have heretofore been adherents of Judge Paynter, declaring that they would henceforth support Mr. James.

Damage For Death Of Judge W. C. Bell.

The administrator of the late Judge W. C. Bell, who sued upon behalf of the estate for damages for the death of the Judge was on last Friday in the Superior Court at Seattle Wash. awarded a verdict for \$17,500 against the Seattle, Renton & Southern Railroad. The suit was brought for \$50,000. An eight year old son is the sole heir of Judge Bell. Judge Bell and his wife were passengers on a Renton car on April 24, 1910 when it was struck by a wild freight car and Judge Bell was instantly killed, his wife receiving such severe injuries as to result in her death a few months afterward. Suit is yet pending for damages for the death of Mrs. Bell.

Sunday School Convention At Hyattsville.

A convention of the county Bible Schools was held at Hyattsville Wednesday in the beautiful little Sunday School Chapel recently erected. An elaborate programme had been prepared by Miss Carrie Arnold, county secretary of Christian Sunday Schools for Garrard county, who had charge of the arrangements, and of the convention.

The convention lasted throughout the day, broken only by the noon hour, at which time a dinner such as would tempt the appetites of the most fastidious, and such as can always be expected and prepared by the good women of that section was served.

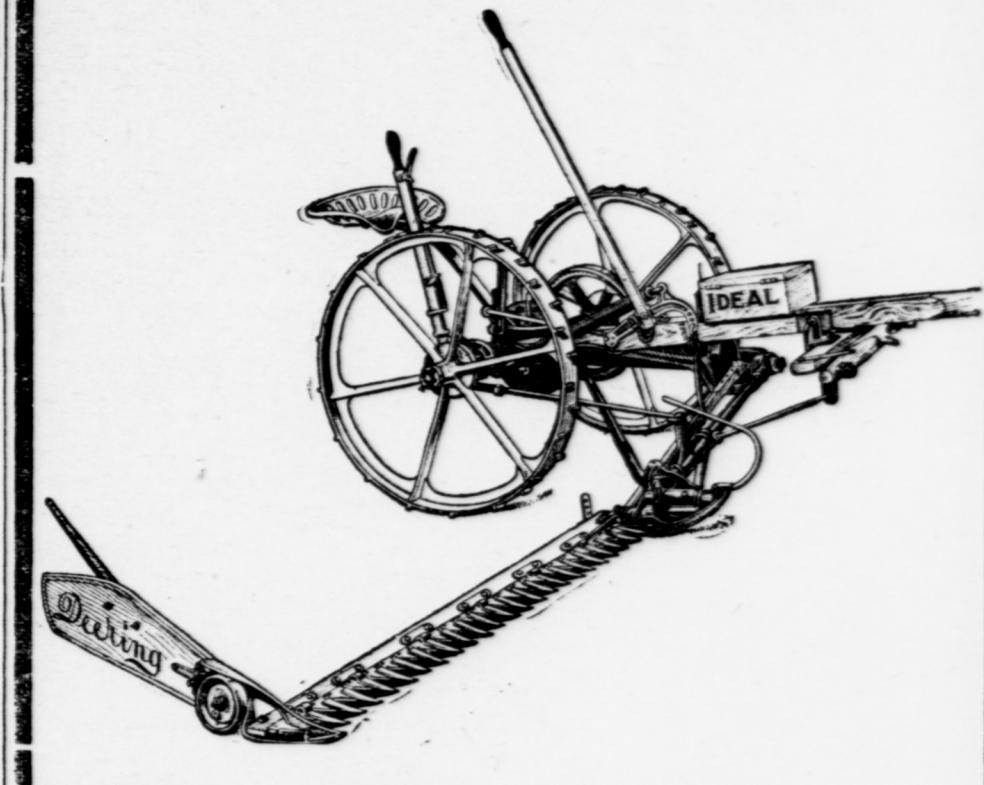

"Cousin Charley" Has Narrow Escape.

It is reported from Marksby that a large spotted snake, ten feet long, chased Colonel Charley Grimes out of a dense jungle on the farm of Mr. Josh Kemper on Monday afternoon last. It seems that Colonel Grimes had penetrated the thicket in search of his cows, when the reptile suddenly reared itself from behind a log and made a vicious strike at him, but he saved his hide by a quick jump to one side. The situation was terrifying, for the enraged monster, with its fangs gleaming and with a baleful fire flaming in its eyes, continued to hurl itself toward Mr. Grimes with strange ferocity. Unarmed and frightened out of his boots at this aggressive horror the Colonel turned and bolted from the spot in a panic with the hideous monster in close pursuit. The desperate race thus precipitated was enlivened by numerous noisy clashings and loud yells for help, and for a while the issue was in doubt. It was at this juncture that Mr. Grimes lost his hat. However by fast running and high jumping, he finally managed to elude the serpent and escape from the thickets. It was a close call. He was quite unnerved by the adventure, and even yet there is a frightened look in his eye. At present Mr. Grimes is going without his usual supply of milk and butter for the reason that his cows are still in the jungle where the snake makes its home. They remain there almost incessantly these hot days to escape the heat and flies, and Mr. Grimes is still figuring how to get the brutes out without again exposing himself to an attack from the venomous reptile.

Evolution Of The Public School.

But a casual glance at our splendid Lancaster Graded School Building and a slight inquiry as to the work done within its walls serves to bring forcibly to the mind of any old inhabitant of Lancaster the remarkable progress made along educational lines within the past twenty five years ago.

There are who will tell you that the present building is not adapted to school purposes, and perhaps they are right, but what would these people have said twenty five years ago when the public school in Lancaster was conducted in one room, and that a rented one.

Had Lancaster made as rapid strides in other directions as along educational lines in the last quarter of a century, she would have now been a city of 5,000 inhabitants.

We can well remember when the public school was conducted in a room where-ever one could be rented, until finally a building was erected on the banks of what was then known as "Dunlap's pond." Most of the time there was but one teacher, sometimes as assistant, but the public money in those days was inadequate to pay even one first class educator a living price for his labors. Over a hundred pupils would be gathered together in this small room, and as a matter of course the teacher was unable to devote enough attention to his classes to insure any thing like the benefit which the pupils now receive in school. In those days a pupil must have a strong desire for learning, if their schooling was to be of any benefit to them, for one teacher was intrusted with the hearing of all the lessons from the "A-B-C- Class" in the early morning to the "Ray's third part" at letting out time in the afternoon, and he had but very little time to devote to the drones, if they failed to come up with their lessons the result was usually a whipping or "staying in", more frequently the former.

Fewer pupils went to college in those days than now, parents were not able to send them, and the great majority had to be content with what little learning they could gather in the public school.

How different nowadays, how positive the prove of the onward march of education. Now we have one of the most commodious buildings in the county converted into a Public School building, a half score or more of efficient teachers, who themselves are making every effort to keep abreast of the times in the matter of education, they have their text books and literature to study, the same as the children, they attend institutes and normal schools and other places where advanced ideas in regard to teaching are dispensed, in short they themselves are but pupils, constantly studying that they may in turn be better equipped for teaching the children.

Of course the taxable property in the county is more valuable now than, yields more money for the school, the per capita from the state is larger; nor is the state fund and the county or district levy the only available fund of the Lancaster Graded School; one of our noblest citizens, a good and charitable man, who recognized the good this school was doing, died a few years since, leaving no kin, and after a few minor bequests to his nearest relatives, he willed the remainder of a goodly fortune in trust to this institution of learning. He even went so far as to arrange the details as to how this fund was to be handled, it was placed in the hands of trustees and they have invested it in one of the best blue grass farms in Garrard county the income derived therefrom each year to be turned over to the direct trustees of the schools for its use and benefit.

The consequence of this educational progress is that we have a school, which we think is second to none, one in which a child may be equipped for the ordinary walks of life, may secure an education that will enable them to go out into the world and earn a livelihood at almost any calling he may choose. Nor is this progress confined to Garrard county, Kentucky's educational progress has been remarkable, her institutions of learning, private and public, are coming to be known the world over; nor was at a standstill, new plans are under consideration and the battle for education is to be carried into the most remote of the rural districts, the country school are to be reorganized systematized, districts consolidated in some places, divided in others, in short, every possible thing is being done to further the causes of education in the state, and when the present plans have been executed it is hoped that Kentucky will rank second to no state in the Union in matters of education.

tion which have been in progress for a month terminated amicably last Saturday by both sides making concessions, the men and the management of the road.

The dedication of Lincoln Memorial Hall has been fixed for October 14. President Taft has signified his intention of being present and it is planned to have him head a procession of two thousand automobiles.

A Costly Blaze.

On Monday the barn of Mr. George B. Robinson on McGroarty Ave. in Danville, and which is used by Mr. Mack Hughes as a home for his good string of bread winners, was burned to the ground. All of Mr. Hughes' feed, training paraphernalia and five fine horses were burned in the barn. Among the horses burned was a preston colt belonging to Carroll Bailey valued at \$300., a Rex Peavine filly belonging to Jake Robinson valued at \$500., and a nice harness mare the property of Miss Bettie West of this place valued at \$300.

Mr. Hughes' individual loss in the burning of his saddles, etc amounted to \$200. but he will rebuild it and will be seen in the fair ring as usual.

A Commendable Work.

Under the auspices of the Kentucky Association for the Study and Prevention of Tuberculosis, the first instruction car left Louisville Monday morning to begin the battle for the extermination of the White Plague in Kentucky. The car was fitted up with charts, drawing and different devices for the introduction of pure air into the home and for the various means of combating the dread disease. The car is leased for one year by the L & N to the society and will be transported free by the various roads over which it travels. The tour is to be an extensive one and is calculated to do much good. The ultimate aim of the Society is to secure legislation favorable to the assistance in exterminating the disease.

Lights Next Week.

The machinery for the light plant has arrived and is being installed, and Mr. Walker tells us that he hopes to be able to turn on the lights next week. A new power house has been built, the boiler room of brick and the dynamo room of galvanized iron and concrete, and the entire plant is now fire proof. The entire line has been gone over and remedied and when completed we will have one of the best light plants in the state. Why not take steps to secure an all night service? The past few weeks of complete darkness have demonstrated the fact that the old 1 a. m. service is far superior to none at all, but Lancaster is striving to keep abreast of the times in other things, why not in this. An all night light service would cost but little more than the service for which we now contract, and it surely seems that some steps should be taken to amend the present contract or get a new one that will give us lights all night.

Mrs. Carrie Nation Dead.

Mrs. Carrie Nation died last Friday June 9th at a sanitarium in Leavenworth Kansas. Her death was due to paresis, the result of worry over law suits which she instituted against a lecture bureau for alleged failure to pay her salary.

Mrs. Nation was born in Woodford county Kentucky in 1846, she was a half sister of Mr. Thomas Moore, who until recently was a resident of Garrard county, living at the famous "Camp Dick Robinson" farm near Bryantsville, where Mrs. Nation frequently visited him.

The remains were taken to Kansas City Mo. where she had a nephew, and were there laid to rest on last Sunday. Mrs. Nation attracted world wide attention a few years ago by her proclivities for smashing saloons, a hatchet being her weapon. In her early life she married a man addicted to the use of intoxicants, which created in her an intense aversion to the saloon. When he died she determined to devote her life to the suppression of the liquor traffic. Later she moved to Kansas and married David Nation who sympathized with her principles.

Mrs. Nation's first saloon smashing was done in the barroom of the Carey Hotel in Wichita, December 27, 1900. She was arrested and remained in jail several days before she was released on bond.

On January 21, 1901, armed with her favorite hatchet, Mrs. Nation made another raid in Wichita. This time she smashed two saloons.

During the next three months Mrs. Nation surprised the saloonkeepers in various Kansas towns, appearing unheralded and leaving a trail of ruined barroom fixtures wherever she went.

Many saloonkeepers became terror stricken when the militant prohibition advocated in their neighborhood, locked their places and fled before the hatchet could get into action.

Remarkably few saloon men used violence in restricting Mrs. Nation, although she was assaulted and badly hurt while wrecking a bar at Enterprise, Kan. By this time the State of Kansas was in a ferment. Aroused by the spirit of the dauntless woman from Kentucky, the people began to demand that all the saloons be closed. Smashings parties were organized all over the State. The saloon power was being wrecked. As a result of the agitation bills were passed by the Legislature which strengthened the State prohibition law.

Erratic as her life has been, Mrs. Nation was responsible for the greatest prohibition awakening in Kansas.

BARKSDALE HAMLETT

EDUCATOR CANDIDATE FOR SUPERINTENDENT OF PUBLIC INSTRUCTION.

Democratic Party Will Demand as Its Candidate a Man Who Is a Practical and Experienced Educator.

The first law of a democracy is the equalization of opportunity, which means the equitable distribution of intelligence through an adequate provision of educational equipment.

There can appear no virtue in the cry of a "Square Deal" so long as there exists a monopoly of intelligence, in a state where society is composed of individuals equally endowed by nature, yet to the great masses of whom all the light of human achievement and the social heritage of truth are denied.

Through a permanently organized campaign for educational improvement, readjusted ideals must be converted into practical realities. Thus will the latent energies of society be set free and opportunity will indeed knock at the door of every home in Kentucky.

His Platform.

I stand specifically for: A school free and accessible to every child in every rural district in Kentucky.

Prof. Hamlett, though only thirty-two years of age, has had thirteen years of successful experience as a teacher, rising by rapid promotions from teacher of a small county school at \$30 a month to the splendid position he now holds at the head of the Hopkinsville school system, with more than 2,500 pupils and 40 teachers under his superintendence. Under his direction the schools have been improved from year to year, until they are more than ever the pride of one of the most progressive cities of the state.

A clean, young and progressive teacher, who has all the elements of success in his make-up he is a man in every way capable of making an officer of whom the whole state would justly be proud.

A leader in every progressive movement, Barksdale Hamlett will help to redeem Kentucky in 1911, and will be the next superintendent of Public instruction.—(Mayor Chas. M. Meacham in the Hopkinsville Kentuckian.)

Mr. Hamlett believes in the equalization of opportunities, and his greatest wish in his work is to make opportunity knock at the home of every school child in Kentucky. We like Mr. Hamlett, and unlike most politicians he improves on acquaintance. In fact, he is not a politician. He is a school man who is well equipped for the office.—(The Breckinridge News, Oliverport.)

Friend to the Rural Schools.

From study and experience, he is master of the school problems of Kentucky and is particularly interested in the improvement of the common schools. The News knows no Democrat so thoroughly equipped at all points to make an ideal state superintendent, to advance the school interests proper of Kentucky, as Prof. Hamlett, and we would like to see him given the nomination without opposition.—(Elizabethtown News.)

Practical course of study: agricultural and the domestic and mechanical arts and sciences.

Good roads and consolidation where practical.

Teachers of scholarship, character and personality.

County high schools, accessibly located in every county.

Improved facilities for the county superintendent's office.

Liberal enlargement and maintenance of our normal schools and state university as component parts of our public school system.

Readjustment of our system of finance to effect larger results on a more economic basis.

Personal leadership in the field on the part of the state superintendent.

Success Comes Only at End of Effort.

The subject of this sketch is a man of strong individuality, keen mentality, and a broad humanistic spirit, whose interest in his fellow men is sincere, while his work is always actuated by a desire to advance the cause of education. * * * He worked in the tobacco patch for the means with which to educate himself, and succeeded to the extent that he was graduated from the Hamden-Sidney College of Virginia, with the Orator's medal of his class, at the age of nineteen. * * * (From E. Polk Johnson's History of Kentucky, in publication.)

The Man of the Hour.

As he is seen by the Ballard County Yeoman:

"The most casual reader can see in him the man of the hour, the man in whom all people of all parties can graciously unite and work for. His whole life, his every enter-

prise, his wonderful brain power are wrapped in this, the greatest work to be done in Kentucky. Though yet young, he is undoubtedly the best equipped man for this office the state has ever produced."

Determination and Success in His Face

A young man who seems to have an ambition to accomplish something worth while in the educational field, and judging from that determined expression in his frank open countenance, he is going to succeed in the undertaking. — (Daily Bulletin, Mayville.)

A Builder of Schools.

In another issue he has this to say:

"When Prof. Hamlett came to Hopkinsville, from Henderson, six years ago, as superintendent of the public schools, there were but two buildings. With the completion this year of the high school buildings, there will be six, at a cost of \$200,000, and the faculty of twenty-three teachers has been increased to forty-six. * * * He is an orator of ability and in demand as an after-dinner speaker. * * * He is a popular member of the Elks, W. O. W. and other fraternal organizations. Prof. Hamlett is also superintendent of the First Baptist church Sunday-school, one of the largest in the state."

A Leader in Progressive Movement.

Prof. Hamlett, though only thirty-two years of age, has had thirteen years of successful experience as a teacher, rising by rapid promotions from teacher of a small county school at \$30 a month to the splendid position he now holds at the head of the Hopkinsville school system, with more than 2,500 pupils and 40 teachers under his superintendence. Under his direction the schools have been improved from year to year, until they are more than ever the pride of one of the most progressive cities of the state.

A clean, young and progressive teacher, who has all the elements of success in his make-up he is a man in every way capable of making an officer of whom the whole state would justly be proud.

A leader in every progressive movement, Barksdale Hamlett will help to redeem Kentucky in 1911, and will be the next superintendent of Public instruction.—(Mayor Chas. M. Meacham in the Hopkinsville Kentuckian.)

Strong Acquisition to the State Ticket.

Prof. Hamlett is in the foremost rank of Kentucky's educators and is in every way thoroughly qualified for the honor he seeks. We predict a successful candidacy for him and believe he will be a strong acquisition to the next state ticket. — (Madisonville Journal.)

Friend to the Rural Schools.

Prof. Hamlett is a strong, intelligent friend to the cause of education and believes in a square deal from the smallest district to the most intelligent city in the country. He is certainly a friend to the common schools, believes in seven months' terms, good roads and improved facilities for our schools in every respect. — (Mayfield Messenger.)

Practical Course to the State Ticket.

Prof. Hamlett is in the foremost rank of Kentucky's educators and is in every way thoroughly qualified for the honor he seeks. We predict a successful candidacy for him and believe he will be a strong acquisition to the next state ticket. — (Madisonville Journal.)

Solid Backing of Home People.

Hamlett stands at the very top among the educators of our state. His friends predict with all candor that he will go into the fight with the solid backing not only of his home county, but the entire second congressional district. — (Daily Leader, Fulton.)

An Ideal Superintendent.

Barksdale Hamlett, of Hopkinsville, is the most advanced, intelligent and capable man in the state for superintendent of public instruction. He knows the needs of the state in all educational matters and would make an ideal state superintendent of public instruction. — (H. A. Summers in The Elizabethtown News.)

Prof. Hamlett possesses all the qualifications to make the state an ideal superintendent. — (Cadir Record.)

The Man of the Hour.

As he is seen by the Ballard County Yeoman:

"The most casual reader can see in him the man of the hour, the man in whom all people of all parties can graciously unite and work for. His whole life, his every enter-

prise, his wonderful brain power are wrapped in this, the greatest work to be done in Kentucky. Though yet young, he is undoubtedly the best equipped man for this office the state has ever produced."

The Man for the Place.

Editor T. C. Underwood, president of the Kentucky Press association, in the Hopkinsville News Era:

"The Democratic party could look long and hard without finding a worthy or more competent candidate for the important office of state superintendent of schools. Mr. Hamlett is a man who has always 'made good,' and his career has been a lesson of energy, perseverance and honor. The state has no more enthusiastic and effective an advocate of education, nor the Democratic party a more loyal supporter."

A Builder of Schools.

In another issue he has this to say:

"When Prof. Hamlett came to Hopkinsville, from Henderson, six years ago, as superintendent of the public schools, there were but two buildings. With the completion this year of the high school buildings, there will be six, at a cost of \$200,000, and the faculty of twenty-three teachers has been increased to forty-six. * * * He is an orator of ability and in demand as an after-dinner speaker. * * * He is a popular member of the Elks, W. O. W. and other fraternal organizations. Prof. Hamlett is also superintendent of the First Baptist church Sunday-school, one of the largest in the state."

A Worthy and Competent Leader.

His work at Hopkinsville is a monument to his ability as a school worker and organizer. He is abundantly qualified for the high office which he seeks, and his broad platform embraces the very best in educational endeavor. He is a worthy man in every respect, having worked himself up from a poor boy. Already he has pledged to him almost the solid vote of the teachers of the state, and all interested in the improvement and advancement of Kentucky's educational facilities, see in him a worthy and competent leader for the accomplishment of those things. — (Hartford Herald.)

Successful in Great Undertakings.

He is eminently qualified for the position which he seeks, and his record as an educator has been one of uninterrupted success. It is due to him that the handsome new Christian county and Hopkinsville high school is now a permanent reality, having been erected under the Sullivan law, at a cost of \$100,000. — (The News-Democrat, Paducah.)

Right Man in the Right Place.

We believe as state superintendent of public instruction, he would be the right man in the right place. — (Calloway County Gazette.)

Mr. Hamlett Believes in the Equalization of Opportunities.

He is a man of infinite ability and capacity and stands upon a platform that neither trim nor tergiversates; that begs no question nor evades a single issue. Mr. Hamlett, a man of individuality and ability, an educator and orator, is conceded to be the logical man for the place and is endorsed saying there are only three colored people in the crowd so you see it is not like an excursion from Lancaster to Cincinnati with the colored people. We are running about 28 miles an hour, this is pretty good average speed for a rail road train. Just think of it, we have already gained 40 minutes in time since leaving New York and ere we reach Liverpool England will have gained 3 hours and 20 minutes. This is a beautiful day I am trying to write a few lines to the Lancaster Record and its many readers who are our friends to let them know that we have not forgotten them. I am doing this writing in the library and writing room of this magnificent ship where paper pens and ink are furnished free. Mrs. McKechnie is doing her morning work, she is not feeding the ducks however, though it looks like it would be a good place for them as there is no scarcity of water.

Thursday morning May 25th, (noon) we have traveled 570 miles since noon yesterday, beautiful weather with smooth sea. Mrs. McKechnie feeling dizzy, did not eat any dinner or supper. I am feeling good, there are several that did not report at supper. Had some fine music by the Ship orchestra. 7 p.m. the sea is getting a little rough, one of the four chairs are vacant in the dining room at supper time in the second cabin, this is the cabin we are traveling in. Mrs. McKechnie still absent from the table, she says she does not know what would make anyone sick, everything is so good and nice. Concert in library at 8 p.m. till 10 p.m. Scotch and Irish songs interspersed with recitations and speeches.

Friday morning, May 26th, very foggy until noon, blowing the fog whistle every two minutes fog lifted or cleared away about noon, sea calm, weather all that could be desired, one fourth of chairs vacant at dinner time. Mrs. McKechnie one of the absentees, although she is improving and promises to be on hands for supper. 6 p.m. a reunited family, Mrs. McKechnie on hands and ate heartily. 8 p.m. the Orchestra and some of the passengers practising for a concert to be held Saturday night, the proceeds to go to the head of Kentucky's school affairs. If you want to know what Barksdale Hamlett stands for, just follow carefully the creed of the man as promulgated by himself. — (Henderson Leader.)

In the Lead.

Barksdale Hamlett, of Hopkinsville, continues in the lead for the Democratic nomination for Superintendent of Schools. His superior qualifications for the office give him a decided advantage over both his opponents, who are not active school men. The people of the State are awakening to the fact that to elect a lawyer to the agricultural department or a farmer to the superintendent of schools would be sheer folly, and they are lining up in this section at least for Mr. Hamlett mainly because he is an eminent, active educator and has made a success in his chosen line of work. — The Somerset Journal.

Success Comes Only at End of Effort.

Hamlett stands at the very top among the educators of our state. His friends predict with all candor that he will go into the fight with the solid backing not only of his home county, but the entire second congressional district. — (Daily Leader, Fulton.)

Written On the Deep.

The following interesting communication written aboard the steamship "Mauratania" is from the hand of Squire James McKechnie, who with his wife are on an extended visit to Bonnie Scotland, the native heath of the popular Lincoln county Magistrate. The letter is descriptive of an ocean journey on one of the modern ocean greyhounds and will prove interesting to the many friends of the writer. From a hay seed who is out for his health, to his many friends, and to the readers of the Central Record.

Wednesday May 24th left New York at 9:30 a.m., got breakfast on board ship got the privilege of getting on ship last night however no worry this morning when everything was hustle. Our family is a large one, over three thousand souls on board, men, women and children. It takes \$50 hands to run this ship, this looks big, you will all say, well it is big, it is a big ship. There are 240 men who do nothing only shovel coal and there are 32 men who do nothing but run the engines. The passengers consist of every nationality. We all seem like kin folks, we put our trust in the Lord and love our enemies if we have any, when there is nothing in sight only the sky and water, it is inclined to make us all feel like brothers. The first day is over and has been a rough wet day, although no storm, no one sea sick yet as far as I know. I have not seen anything along this highway that looks like it did 44 years ago when I last traveled it, while seeking my fortune in a free country, only the old Atlantic she is just the same, but so far she has learned to behave herself.

8:30 p.m. Concert of sacred music. It was a harmonious meeting and closed by singing "God be with us 'till we meet again" which was very impressive because we will never meet again, as every nation almost is represented and will be scattered to every part of the compass tomorrow.

Monday morning May 29th. Weather beautiful, sea almost as calm as a fish pond, every body seems well and happy as we have been notified to have all heavy baggage ready to go ashore by 11 a.m. today, this will be the first landing, as passengers get off at Fishguard grand for London England, then 5 hours more sailing takes us to Liverpool England, where we disembark and take train for Edinburg Scotland and I will try and blow my horn again on arrival there.

Tuesday morning May 30th, 1911. Just got landed in Liverpool England safe at 8:30 a.m.

Respectfully Yours,
James McKechnie.

Watching The Senatorial Fight.

James Suffers in Comparison with Paynter as Big Newspapers View the Two Candidates.

Frankfort, Ky., June 6.—The big newspapers of the country are watching with a good deal of interest the fight being waged in Kentucky between United States Senator Thos. H. Paynter and Congressman Ollie James for the seat in the Senate now so capably occupied by the first named, and their comment on the methods of Mr. James in his campaign should be of interest to the Democratic voters as giving them an insight into what the people of other states think of the man and the character of contest he is waging, as well as giving their opinions of Paynter as a statesman and member of the Senate.

In a recent comment, Leslie's Weekly said of James:—"It is too bad that we have so many of the Ollie James type in our legislative bodies—who think there is nothing in the world for a public man to do but to seek to gain political advantage, to capture votes and to attract attention."

The Chicago Inter-Ocean, discussing the Lorimer case, says:—"That Senator Paynter should appeal to his colleagues to act as judges, considering the law and the facts only, and disregarding alike the clamors of faction and the menaces of power, is entirely natural when we remember the life and character of the man."

A Washington dispatch to the Cincinnati Enquirer, at the time the "long and short haul" railroad proposition was before the United States Senate, a year ago, read—"Senator Aldrich was completely routed upon the long and short haul proposition in the open Senate this afternoon. By a vote of 57 to 10 the Paynter amendment, declaring it unlawful for a railroad to charge more for a short than for a longer haul was adopted." This is the same Mr. Aldrich with whom Congressman James would have Kentucky Democrats believe Senator Paynter is in league.

Another Washington dispatch, this time to the Louisville Courier Journal, relative to the Employers Liability Amendment, introduced by Senator Paynter, which provides that no case arising under this act and brought in any state court of competent jurisdiction shall be moved to any court of the United States, says:—"The adop-

PERFECT CONFIDENCE

Lancaster People Have Good Reason for Complete Reliance.

Do you know how—
To find quick relief from backache;
To correct distressing urinary ills;
To assist sick kidneys?

There's one way—your neighbors know—
Have used Doan's Kidney Pills;

Have proved their worth in many tests.

Here's Lancaster testimony.

George Wright, Stanford St., Lancaster, Ky., says: "I have never known of a better kidney remedy than Doan's Kidney Pills. Last fall my back ached a great deal and my kidneys were badly disordered, the kidney secretions being scanty and painful in passage. I fortunately had Doan's Kidney Pills brought to my attention and getting a box at Frisbie's Drug Store, I began their use. They relieved me promptly and in return for the benefit I received, I am willing that my name should be used in recommending them. My advice to all sufferers from kidney trouble is to give Doan's Kidney Pills a trial."

NOTICE OF DEMOCRATIC PRIMARY ELECTION.

The Democratic voters of Garrard County are hereby notified that Primary Election will be held by order of the Democratic County Committee in pursuance to the resolutions adopted by the said Committee and under the Primary Election law, in the following manner to-wit:-

First:- A primary election will be held in each and every voting precinct throughout Garrard County, Kentucky, between the hours of six o'clock A. M. and 4 o'clock P. M., standard time on Saturday July 1, 1911, under and pursuant to the primary election law of the State of Kentucky, and under and pursuant to the regulations adopted by the Democratic County Committee as herein set out, for the purpose of nominating a Democratic Candidate for representative for Garrard County Kentucky in the General Assembly of Kentucky, to be voted for at the General State Election to be held in November 1911.

Second:- In said Primary election, any known Democrat who is a legal voter in the Precinct where he offers to vote, on the day thereof, or who will be a legal voter in said precinct at the regular November election 1911 shall be entitled to vote.

Third:- The officers required to hold said election shall be appointed by the Democratic County Committee for Garrard County Ky., and shall be divided as nearly equally as possible as to Judges, clerks and Sheriffs, among the various candidates, and where the candidates shall furnish a list of names for election officers, as they are entitled to do by law, the election officers shall be selected from said lists, and said lists shall be furnished by said candidates not less than 10 days before the date of said primary election. The election officers when appointed shall be notified by the secretary of the County Committee and requested to serve. Each candidate in said primary election shall be entitled to a challenger and inspector, and the same person may act as both challenger and inspector, and the name of such challenger or inspector shall be submitted to the said committee or the Chairman thereof and his appointment certified by the said Chairman, and the certificate of the Chairman of his selection shall entitle the said challenger or inspector to admission to said voting Precincts.

Fourth:- Said primary election shall be held in all respects as required by law for the holding of primary elections, and a uniform ballot shall be used in every precinct. The precinct ballot boxes and all returns shall be made to the chairman of the County Committee at the Court House in Lancaster Kentucky within the time required by law and on the next day thereafter the County Committee shall meet at the Court House and canvass the returns and certify the name of the successful candidate to the proper officer to be placed under the Democratic device of the Democratic party on the ballot at the general November election 1911.

The precinct election officers shall make returns to the Chairman of the County Committee, the ballots shall be preserved in the boxes, which shall be locked and one key kept by one Judge and another key by another Judge, but in case the candidates shall have furnished lists from which the officers have been selected, the Judges holding the keys must have been taken from different lists.

Fifth:- Any democrat who is legally qualified to hold said office, desiring to become a candidate before said primary election, and to have his name printed on the ballot for said election, shall on or before 12 o'clock midnight of June 15 1911, deposit with the Chairman or Secretary of said Committee the sum of seventy five dollars for the purpose of defraying the expense of said primary election, and such deposit shall constitute notice to the Committee of the desire of such candidate to have his name printed on said ballot for said election. In the event there is a surplus remaining from the amounts so deposited, it shall be returned to the said candidates, and in the event there is a deficit, said candidates in said pri-

mary shall be assessed pro rata to make up said deficit.

Sixth:- In the event no more than one candidate shall have qualified as herein set out and made deposit of Seventy five dollars within the time required, then the said Committee shall meet and declare such candidate to be the nominee of the Democratic party for said office, and the amount so paid shall be returned to him. The order on the ballot in which the names of the candidates shall be printed shall be determined by lot, in the presence of the candidate, at the time of such drawing of which time and place each of such candidates shall be given reasonable notice to be present.

Seventh:- It is ordered that notice of said primary election be posted and advertised as required by law.

By order of the Democratic County Committee for Garrard County Kentucky, this the 20th day of May 1911.

FOR SALE--A surry in good repair with both shafts and pole, at a reasonable price. C. S. Cotton, Paint Lick R. F. D. No. 2.

Charles W. Robinson, of this county, has sold W. C. Heacock, of Lexington, a large amount of wool, at prices ranging from 17 to 22 cents per pound. The deal involved more than \$10,000.--Hardsburg Herald.

Although the wheat crop will not be ready to cut for two or three weeks, Kansas farmers already have called for 12,000 harvest hands. Charles Harris, director of the State Free Employment Bureau, said today that the bureau expected to ask for from 15,000 to 18,000 men this year.

Haynes Dunn, of Paducah, Ky., recently purchased Reelfoot, a pacer, and will race him in Indiana, Illinois and Kentucky this season.

The Commissioner of Agriculture in his report for May gives the average price paid for mules throughout Kentucky during May as \$150.97.
